Quarra Stone Appoints Mike Felling As Sales Account Manager

Madison, WI—November 8, 2010 –James Durham, the president of Madison, WI-based Quarra Stone, has tapped Michael Felling as sales account manager for the nationally recognized company. Quarra supplies and fabricates natural stone for signature architectural projects and landmark building restorations throughout North America.

Mr. Durham described Mr. Felling as uniquely positioned to develop innovative growth opportunities for Quarra in existing and emerging markets throughout the United States.

"As a former Division 1 athlete and All Big Ten academic achiever, Mike Felling has a special appreciation for team work and how you can accomplish great things together," observed Mr. Durham. "Mr. Felling's leadership, communication skills and energy and will be a significant asset to Quarra and our family of customers."

---more---

Mr. Felling earned a B.A. in Life Science Communications-Ag Journalism

from the University of Wisconsin, Madison. Prior to being appointed sales account manager, Mr. Felling interned for Quarra Stone during college including a post in the summer of 2009 in Switzerland serving as a communications intermediary between Truffer AG and English speaking countries. Quarra has a decade-long partnership with Truffer AG as the exclusive provider in North America of Valser Quartzite---the “couture stone” prized by award-winning architects. Located in Vals, Switzerland, Truffer AG is a leading Swiss company that sensitively extracts Valser stone from its own quarry in the Alpine village for an international marketplace.

About Quarra Stone:

Founded by James Durham in 1989 and headquartered in Madison, WI, Quarra Stone fabricates and supplies high quality architectural exterior and interior stone for signature building projects throughout North America. Quarra's team has collaborated with the nation's leading institutions and premier architectural designers on some of America's most prominent historic landmarks and new award-winning architecture. Recognized for technological innovation and leadership in the world's stone marketplace, Quarra has developed a distinguished portfolio of high profile national projects such as Yale University's Bass Library and Harkness Tower, the U. S. Supreme Court and the restoration of the Kansas State Capitol. Recently, Quarra completed its largest project, the newly opened Capitol Visitor Center in Washington D.C. which is expected to host three million visitors a year.

In January, Quarra launched a comprehensive database that identifies dimensional stone quarries throughout the U.S., Canada and Mexico. The database is designed to enable architects who are specifying natural stone in their projects to earn points towards LEED (Leadership in Energy and Environmental Design) certification Please contact us at 608/246-8803 or visit us at www.quarrastone.com
